

## **Introduction of Aadhar Enabled Biometric Attendance System (AEBAS) in IFGTB, Coimbatore**

Institute of Forest Genetics and Tree Breeding, Coimbatore has introduced Aadhar Enabled Biometric Attendance System (AEBAS) in the institute from 15<sup>th</sup> December 2017. In this connection, a meeting was organized in the Auditorium on 14<sup>th</sup> December 2017 to explain the functioning of Aadhar Enabled Biometric Attendance System for the information of all the employees of the institute.

Dr S. Murugesan, Director and Scientist-G of the institute informed that as Part of “Digital India” Programme of Government of India, the institute has introduced the Aadhar Enabled Biometric Attendance System (AEBAS). He informed that the AEBAS would enable the employee to register attendance by presenting his/her biometric (finger print) data which will be authenticated online by doing one to one match with the biometric stored in the UIDAI database against the employee’s Aadhaar number. He informed that two devices were installed in the ground floor of the institute main building for marking attendance.

Dr A.Rajasekaran, Scientist-E and Nodal officer nominated for Aadhar Enabled Biometric Attendance System (AEBAS) explained the method of marking attendance in the device employed through power point presentation and also through video clip. He informed that information such as Aadhar number, Date of birth and other details of about 125 employee of the institute were registered in the website <http://ifgtbcbe.attendance.gov.in>. The attendance status of all the employee of the institute is being monitored by the competent authority from time to time.
