GOOD PARENTING

Dr. Ponni Muralidharan

28 September 2016

Dr. Ponni Muralidharan, Happiness Department, KG Hospital, Coimbatore, gave a talk on the need for good parenting, to bring out better citizens. The programme, an interactive session, was organised by the SHCC, IFGTB. Shri R.S.Prashanth, IFS Director, IFGTB, in his introductory remarks, emphasised the role of mother in child rearing. Dr. Gurudev Singh highlighted on overall development of children and equality of gender, especially at home which is the first gurukulam of the child. Dr. Minni Mathew, Co-Chairperson of the Committee briefed on disadvantages of gender discrimination and stressed the need for good parenting without gender bias. Dr. Ponni responded to questions from the audience related to problems faced in child upbringing. She also clarified on issues regarding handling children in adolescence.
