

Prakriti Students awareness programme

(For the period of July to September, 2022)

The Institute of Forest Genetics & Tree Breeding, Coimbatore organizes awareness programme under “PRAKRITI” for school and college students at Edu Centre, Gass Forest Museum. The main aim of this programme is to create environmental conservation awareness among younger generation to engage them to be actively involved in activities related to environment conservation. The students were imparted knowledge by conducting lectures on various topics.

The lectures on “Cadamba Cultivation under Agroforestry”, “Biodiversity of Andaman”, “Biodiversity Conservation and Value Addition” and “Conservation of Genetic Resources” were organized. Besides this “Plastic Bag free day on 03.07.2022”, “World Nature Conservation day on 28.07.2022,” “International Tiger day on 29.07.2022”, “World Lion day on 10.08.2022”, “World Elephant day on 12.08.2022”, “International Red Panda day on 17.09.2022”, “ World Rhino day on 22.09.2022” and “World Environmental Health Day on 26.09.2022” was also organized.

Students were shown short films on the relevant themes. A video presentation on the “History of Gass Forest Museum” was also presented. Later on students were taken to Gass Forest Museum.

The details of the students attended Prakriti are furnished below:

S.No	Month	No of School Students	No of College Students
1	July 2022	1376	393
2	August 2022	1701	408
3	September 2022	1920	1232
	Total	4997	2033
